Photography and Videos Parental/Guardians Consent Form

We request the consent of parents/guardians to take and use photographs and videos of your child/children for a variety of different purposes. Without your consent, we will not take and use photographs and videos of your child.

We use photographs and videos of students as part of school displays to celebrate school life and student achievements; to promote on social media, websites, and other publicity purposes in printed publications, such as newspapers and journals.

Where we use images of individual students, the full name of the student will not be displayed and not used in such a way that the student can be identified, unless permission is sought and given. However, a first name may be used if appropriate to do so.

It is common for the school to be visited by local media/press and other approved organizations, who take photographs or videos of school events, such as sports days. Students will appear in images and videos which may be published in local or national newspapers, on social media, or on websites.

It is the responsibility of parents/guardians to inform the school, in writing, if consent needs to be withdrawn or amended. We will not use the personal details or full names of any student in any photograph or video, on websites, social media, or any other printed publications, unless additional consent is given.
