

Principal's Message

Parents, we would like to thank you all for participating in our "Virtual Meet the Teacher Nights" which were held on Tuesday, Wednesday and Thursday of this week. If you did not get the opportunity to meet your child's teacher, please contact the teacher to schedule a time in which you can meet virtually. The faculty and staff were very pleased with the turnout and support. We all know that it takes a village to raise a child and are especially thankful for each of you sharing your child with the HES School Family!

National Literacy Month

September is National Literacy Month. At HES, we are making sure that our students have access to books. By putting books in the hands of students, we can engage our young readers in learning and assist them in seeing how the school, community and the world around them are connected.

At HES, we encourage our students to read and explore. Reading for 30 minutes each day with intention can broaden children's vocabulary. Take time to share the reading experience with your child by asking questions about the book or story. Have the student describe the plot, give you a summary of the main idea and key details and identify the parts of a book that include the front and back cover, spine, title, author and illustrator. The more our students practice this process, they will develop a greater sense of confidence with answering these questions in class and writing about the passages they read.

Problem of the Week

Mya had 6 balloons. Two of the balloons popped. How many balloons does Mya have now? (Answer to last week's word problem was $37-15=22$ cookies)
