Dr. Jefferson-Barnes stated that the entity conducting the study would be determined by the Board of Trustees; however, she would recommend the current district auditors. She further stated that the study would be used to determine the sources of funding, where they came from, the basis, and student population trends. She also stated that the administration wants to make sure that the district is moving forward, and will not have to make decisions similar to those having to be made during the past year. Dr. Jefferson-Barnes said, if the analysis is done by the auditors, it would cost between $5,000.00 and $10,000.

Chairperson McKenzie asked Dr. Jefferson-Barnes if the statement that she had would be the same as what Dr. Jefferson-Barnes was requesting; Dr. Jefferson-Barnes said it would. Rev. Gamble asked the superintendent to read the statement, which read as follows:

“I move that we request an immediate State of South Carolina investigation into the finances of the Williamsburg County School District, in total, for the past four years, and that this request be signed by the Chairman of the School Board and sent to Senator Yancey McGill for a thorough state investigation.”

Dr. Jefferson-Barnes said that she saw the two requests as the same.

The Chair said that she would like a motion, and that it would not cost the school district anything. She stated that she had spoken with Senator McGill, and that many people had a problem with where money has been spent. Information Items

A. South Carolina School Boards Association Recognizes Board Members
Since board members and leadership team training is a priority for the South Carolina School Boards Association, the Association is honoring those individuals who, during the 2010-2011 school year, have reached one of the six levels in the Boardmanship Institute. Ms. Norma D. Bartelle reached Level 3, and was honored by the South Carolina School Boards Association, with a certificate and a gold pin, which were presented by Board Chair McKenzie.

B. Update on School Openings
Dr. Jefferson-Barnes stated that the district schools had a good opening, with minimal problems. She also stated that that was the first time she had heard of the bus incident spoken of during Public Comment.

Dr. Jefferson-Barnes stated that the Willow Glen situation has been resolved. Mr. Glen Kennedy and Mr. Hilton McGill have worked diligently to secure a facility for the students. Students will attend classes at the Greeleyville Willoglen site.

D. Financial Update
Mr. Del Brown from McGregor & Associates auditing firm updated Board Members on the district’s finances. He indicated that the 2009-2010 audit had been completed. Mr. Brown stated that there were 15 findings in the 2009-2010 audit, and that some of them had already been addressed. He said that the 2010-2011 audit had been started, and there should not be any reason to not meet deadlines. Mr. Brown said the audit is due into the State Department by December 1st, and that it should be completed by mid November. He said that the Finance Department was doing a good job.

Board Members commended Dr. Jefferson-Barnes and her staff on the results of the audit.
E. Curriculum and Instruction
Dr. Jefferson-Barnes reminded Board Members that the district is scheduled for AdvancEd review in November. She stated that she was asked to look at September 23rd or 31st as possible dates for Dr. Krohne to come in to speak with the Board about the process, and that neither dates worked. She asked for two alternate dates, and was given September 13th in the morning, and 20th in the evening.

Board Member Input
- Mr. Darby questioned the length of time it took for him to be sworn in, and said the law states that it should had been done the Monday after the election.
- Mrs. McKenzie noted that the football schedule was included in the agenda packet.
- Mr. Henryhand said that he’d had quite a few parents with concerns about 41 students being in a class. He also said a parent (who was present at the meeting) had concerns about the “STAR” program, and her child being punished for not attending the program. Dr. Jefferson-Barnes explained that the STAR program was not designed as the parent had perceived it, that her doors are always opened, and asked that the parent come to see her. Dr. Jefferson-Barnes further explained to the parent that proper procedures to receive immediate resolution to concerns would be to address problems at the level of impact. If it’s a problem with the teacher, address it with the teacher first. If the resolution could not be found there, then the school principal, then the superintendent, and then the Board. She indicated that this was the first time she had heard either of the two concerns, and they were both concerns that could have been immediately addressed prior to a Board Session.
- Ms. Bartelle and Mr. Garner commended staff members for the smooth transition of schools.
- Mr. Lee asked for the student teacher ratio. Dr. Jefferson-Barnes stated that the numbers were still fluctuating, and that the first two weeks of school are periods of evaluation to determine the number of staff needed based on enrollment; and that schools would have staffing patterns adjusted according to the enrollment numbers. The adjustments are usually made following the Labor Day Holiday, when the majority of students are generally in place. The numbers would be provided at the next meeting of the Board of Trustees.
- Mr. Henryhand asked about teachers in subject areas. Dr. Jefferson-Barnes said there were still a few vacancies, but that teachers were on the way, and that certified retired teachers were being used in some classes.
